### SECTION F.—MISCELLANEOUS:

#### 1. THE WEAVING COMPETITION.

In connection with the Exhibition of 1914 a competition in Weaving and its preparatory process will be held in the Exhibition premises, Mysore. The following rules regulating the competition are published for the information of the intending competitors.

#### SECTION I.

The competition will commence on Thursday the 1st of October 1914 and will be continued for three days.

2. Weavers will be required to work for 7 hours a day, from 8 to 11-30 A.M. and from 2 to 5-30 P.M.

3. Any kind of hand-loom may be entered for the competition; but competition among weavers in each class will be among weavers working on the same kind of loom.

This rule does not effect giving loom prizes to any kind of loom that enters into any kind of competition.

4. No prizes or medals will be given to competitors in a certain class, when the number is less than 3. But all *bona-fide* weavers with a piron driver for helping, each competitor, will be given their third class fare to and fro at concession rates or reasonable cart hire and an allowance of five annas per day for five days only, if they come and demonstrate any of the operations that are mentioned in the items for competition. Those that desire to utilize this opportunity for weaving extraordinary patterns will have to intimate to the Secretary at least 15 days before the Exhibition commences when the necessary arrangements will be made for the same. Weavers in Mysore City will get only their daily allowance.

5. A man that has once competed in weaving one kind of cloth and won a prize will not be allowed to compete in the same kind of cloth for three years to come, but such competitors may be allowed and given a special prize by the judges if they think that the competitor serves as a model to local weavers. This rule equally holds good in the case of awarding medals and prizes to the looms.

6. Competitors will be allowed to fix the warps on the looms beforehand and to weave a length not exceeding two yards before the competition commences.

7. Under Sub-Committees with the Chief Revenue Officer of the locality as President, competitions in any of the undermentioned tests will be held in the month of August in all the most important weaving centres of the Province. There must be at least three competitors in each of the tests. Two prizes of Rs. 10 and 7 will be awarded in each centre. The first of the competitor in each of the tests will be required to compete in Mysore at the time of Dasara.

8. A competitor can compete in any one of the following tests (a to d):—

The Manager of a factory or a school may send one or more weavers to compete for one or more tests.

The following are the tests for the competition of this year:—

(a) To weave a cloth 54 inches wide (having half an-inch silk-border) with 30's warp, 52 ends per inch and 30's weft, of 48 picks per inch. Prize.—Rs. 10 and Rs. 8 for each set of competitors.

(b) To weave a cloth 54 inches wide (having one-fourth of an inch silk-border) with 40's warp, 60 ends per inch and 40's weft, of 52 picks per inch. Prize.—Rs. 12 and Rs. 9 for each set of competitors.

(c) To weave a cloth 54 inches wide (having one-fourth of an inch silk-border) with 60's warp, 72 ends per inch and 60's weft, 72 picks per inch. Prize.—Rs. 14 and Rs. 10.

(d) To weave a cloth 45 inches wide with 100's warp, 80 ends per inch and 120's weft, 80 picks per inch. The border is to be of lace and silk of any pattern (specially rudrakshi, peacock, weaving, etc.) left to the option of the competitor. Prize.—Rs. 15 and Rs. 12.

(e) To weave a magutam 54 inches wide with red, yellow or bleached country twisted silk of about 80 counts. The border must be of lace of about one-fourth of an inch. It is sufficient if the competitors use reeds of about 40 dents and weave about 80 picks to an inch. Prize.—Rs. 15 and Rs. 12.

In (a), (b) and (c) the cross borders must be of silk and in (d) and (e) they must be of lace.

The authorities may allow any other tests, provided there are sufficient number of competitors.

9. The competitors will purchase warps except silk from the Exhibition authorities and use them alone for competition and the competitors must bring in their own wefts.

Intending competitors should inform the Secretary at least 15 days before the competition commences. The local weavers will get their daily allowances only. All competitors must bring their own pions.

10. In awarding prizes to the weavers the Judges will note the following points.

The work done—

(1) The length of the cloth woven during the whole period.

(2) Uniformity of picking and adhesion to specification.

(3) Freedom from broken ends.

(4) Clean edges, etc.

11. A gold and silver medal will be awarded to the best looms as first and second prizes.

In judging the looms the Judges will consider in addition—

(a) Adaptability of the loom:—

(1) Whether the loom is suited for weaving different kinds of cloth using different kinds of yarn.

- (2) Whether the loom can be worked profitably by weavers in their houses or is only useful for factory work.
- (b) Machanism of the loom:—
- (1) Soundness and proper proportion of its parts.
  - (2) Simplicity in machanism so as to be capable of being easily repaired when out of order.
  - (3) The position in which the weaver has to hold his body while working and the ease with which he can work the loom.
- A loom that was once awarded a medal will not get it a second time.

## SECTION II.

### WEAVING AND PREPARATORY PROCESS.

Tests in the following four classes are opened to boys under 18 years and women of any age. Of the two prizes one will be among boys and the other among women.

1. Simple processes of making long warps and sizing them economically and usefully.
2. Simple adaptation of English Dobby for hand-loom work.
3. Of any new machanism likely to improve or increase the quality of the outturn such as new patterns of automatic take-up motion, etc.
4. *Spinning*.—Any kind of spinning appliance may be used. Wool to be spun will be supplied at the time of the competition at the cost of the competitors. The thickness of the yarn and the quantity to be spun and the time to be taken will be decided by the judges. Prize Rs. 10 and Rs. 7.
5. *Warping and sizing*—
  - (a) Open only for females.  
To make 40's warp, 10 yards long and to size it. Prize Rs. 10 and Rs. 7.
  - (b) Open for males and females.  
To make 60's warp, 40 yards long and to size them. Prize Rs. 15 and Rs. 10.

The prizes will be awarded for the best-sized warp. The time to be allowed for work, the quantity of yarn to be warped and the test to be adopted for judging the work will be decided by the judges. Yarn for warping and sizing will be supplied at the cost of the competitors, at the time of the competition.

6. Competitors will fit up their own looms in the ground allotted and get everything ready for competition.

7. Intending competitors must send their application in the prescribed form, so as to reach the Secretary at Mysore on or before the 25th of September 1914 at the latest.

### WOMEN'S SECTION.

#### SYLLABUS 1914.

The first aim of this section is to bring into touch with each other women, who, having themselves learnt the value of new occupations and interests, are anxious to hand on this knowledge to others. Plain or fancy needle-work, lacemaking, basket making, knitting, all these are occupations enjoyed by a large number of women and girls in India, but there remain a still large number who have neither seen nor heard about them. To interest these it is important to collect for Exhibition, the best that is done in all branches of women's work, and it is only the best in each section of the work that can be encouraged by the award of medals and prizes.

This is one of the most difficult things to impress upon intending exhibitors. It is not any kind of work that can be accepted. Certain groups are selected in the syllabus and only the really good work sent in under each group is likely to be admitted. To understand the importance of sending in only the best work, the following rules should be carefully studied and conscientiously carried out.

1. In needle-work the best materials that can be procured should alone be used: it is waste of time to put good work on to poor material which will neither wear nor wash.
2. One neatly stitched, well finished off exhibit is more likely to win a prize than a large bundle of carelessly done work; no amount of trimming will improve a badly made article.

3. Moth-eaten, faded, torn or dirty work cannot be accepted.

4. Exhibits which have already won prizes in previous Exhibitions cannot compete. They will be accepted as "Loan Exhibits" or exhibited for sale if space permits.

5. No work will be accepted that does not come under one or other groups in the syllabus. *Space in the exhibition being limited, there can be no exception to this rule.*

6. *None but genuine women or children's work will be allowed to compete for prizes in this section.*

With regard to this year's syllabus it was at first suggested that to appeal more strongly to Indian ladies we should restrict the work to that of Indian use and design; but since European needle-work is yearly becoming an important source of income to Indian women we felt the same object might better be served by making the classes more distinct and by increasing the prizes. Only lace machine work and crochet have been omitted from the syllabus and these not in the children's group.

It is hoped that the improved standard of last year's work will be maintained and that Indian ladies will contribute in far greater numbers than heretofore. We should also urge any ladies interested in children's work to make this Exhibition known as widely as possible as the number of exhibits sent in by children last year was most disappointing.
